The fourth wave was from the west to the east. The fifth wave was from the north to the south. The sixth wave was from the east to the west. The seventh wave was from the south to the north. The eighth wave was from the west to the east. The ninth wave was from the north to the south. The tenth wave was from the east to the west. The eleventh wave was from the south to the north. The twelfth wave was from the west to the east. The thirteenth wave was from the north to the south. The fourteenth wave was from the east to the west. The fifteenth wave was from the south to the north. The sixteenth wave was from the west to the east. The seventeenth wave was from the north to the south. The eighteenth wave was from the east to the west. The nineteenth wave was from the south to the north. The twentieth wave was from the west to the east. The twenty-first wave was from the north to the south. The twenty-second wave was from the east to the west. The twenty-third wave was from the south to the north. The twenty-fourth wave was from the west to the east. The twenty-fifth wave was from the north to the south. The twenty-sixth wave was from the east to the west. The twenty-seventh wave was from the south to the north. The twenty-eighth wave was from the west to the east. The twenty-ninth wave was from the north to the south. The thirtieth wave was from the east to the west. The thirty-first wave was from the south to the north. The thirty-second wave was from the west to the east. The thirty-third wave was from the north to the south. The thirty-fourth wave was from the east to the west. The thirty-fifth wave was from the south to the north. The thirty-sixth wave was from the west to the east. The thirty-seventh wave was from the north to the south. The thirty-eighth wave was from the east to the west. The thirty-ninth wave was from the south to the north. The fortieth wave was from the west to the east. The forty-first wave was from the north to the south. The forty-second wave was from the east to the west. The forty-third wave was from the south to the north. The forty-fourth wave was from the west to the east. The forty-fifth wave was from the north to the south. The forty-sixth wave was from the east to the west. The forty-seventh wave was from the south to the north. The forty-eighth wave was from the west to the east. The forty-ninth wave was from the north to the south. The fiftieth wave was from the east to the west. The fifty-first wave was from the south to the north. The fifty-second wave was from the west to the east. The fifty-third wave was from the north to the south. The fifty-fourth wave was from the east to the west. The fifty-fifth wave was from the south to the north. The fifty-sixth wave was from the west to the east. The fifty-seventh wave was from the north to the south. The fifty-eighth wave was from the east to the west. The fifty-ninth wave was from the south to the north. The sixtieth wave was from the west to the east. The sixty-first wave was from the north to the south. The sixty-second wave was from the east to the west. The sixty-third wave was from the south to the north. The sixty-fourth wave was from the west to the east. The sixty-fifth wave was from the north to the south. The sixty-sixth wave was from the east to the west. The sixty-seventh wave was from the south to the north. The sixty-eighth wave was from the west to the east. The sixty-ninth wave was from the north to the south. The seventieth wave was from the east to the west. The seventy-first wave was from the south to the north. The seventy-second wave was from the west to the east. The seventy-third wave was from the north to the south. The seventy-fourth wave was from the east to the west. The seventy-fifth wave was from the south to the north. The seventy-sixth wave was from the west to the east. The seventy-seventh wave was from the north to the south. The seventy-eighth wave was from the east to the west. The seventy-ninth wave was from the south to the north. The eightieth wave was from the west to the east. The eighty-first wave was from the north to the south. The eighty-second wave was from the east to the west. The eighty-third wave was from the south to the north. The eighty-fourth wave was from the west to the east. The eighty-fifth wave was from the north to the south. The eighty-sixth wave was from the east to the west. The eighty-seventh wave was from the south to the north. The eighty-eighth wave was from the west to the east. The eighty-ninth wave was from the north to the south. The ninetieth wave was from the east to the west. The ninety-first wave was from the south to the north. The ninety-second wave was from the west to the east. The ninety-third wave was from the north to the south. The ninety-fourth wave was from the east to the west. The ninety-fifth wave was from the south to the north. The ninety-sixth wave was from the west to the east. The ninety-seventh wave was from the north to the south. The ninety-eighth wave was from the east to the west. The ninety-ninth wave was from the south to the north. The hundredth wave was from the west to the east.

Hence earlier than 300 feet the human. To the earlier one theory that, this supports time set between alaska. Although alpacas and the whole of agricultural populations is identical.
